# **EMPOWERMENT & ENRICHMENT**

**PROGRAM FOR TEACHERS**

**18<sup>th</sup> & 19<sup>th</sup> April 2016 (Monday & Tuesday) at LIBA in Chennai**

s you are aware, FICCI is the voice of India's business and industry. Established in 1927, it is India's oldest and largest apex business organization. It serves its members from the Indian private and public corporate sectors and multinational companies, drawing its strength from diverse regional chambers of commerce and industry across states, reaching out to over 2,50,000 companies.

The global changes in knowledge dynamics and concurrent skills have transformed our thought processes and life styles. Newer methods of communication, handling information, inter-personnel relationships, problem solving techniques have emerged. The learners of today have open sources for acquisition of knowledge and learning is increasingly becoming more informal. In this context, the school community is facing a number of challenges for effective classroom interactions so that learning is both fun and is productive. To facilitate the Teachers to be effective and meaningful partners in change management, FICCI as a part of its social action is proposing to reach out to the teaching community with training programs which are relevant and appropriate to their working space.

At the first instance, it has proposed to develop 50 Master Trainers in various topics so that they can lead not only their school team but their fraternity in the long run. The program **“Empowerment and Enrichment for Teachers”** is scheduled to be conducted on **18<sup>th</sup> & 19<sup>th</sup> April 2016 (Monday & Tuesday) at LIBA in Chennai**.
