Shri. K J George

Hon'ble Minister for IT, BT and SST and
Large & Medium Scale Industries
Government of Karnataka

Keynote Address by:

Dr. Gulshan Rai

Chief Information Security Officer
Prime Minister's Office
Government of India

Special Address by:

Shri. Gaurav Gupta, IAS

Principal Secretary, IT, BT and SST Department
Government of Karnataka

Overview

The emerging technologies are creating a complex ecosystem that is introducing a new series of IT security challenges. As such, with the rise of the Internet of Things in manufacturing, the impact on security only gets more complex and persistent than ever before. The manufacturing industry is now one of the most frequently hacked industries, coming second only to healthcare. The security needs of manufacturing sector have become more pervasive; it needs to be embedded into the vision of the organization and treated as a core metric.

In the same context and to further understand the security challenges associated with manufacturing sector and new age technologies, FICCI in association with Karnataka Innovation and Technology Society (KITS) and Government of Karnataka is organizing BTS-CyberComm 2018 on Wednesday 26th September 2018, at Hotel The Lalit Ashok, Bengaluru.

Key Discussion Areas:

- Addressing the latest cyber threat landscape and Government Strategies
- Mapping Products & Processes of Manufacturing, to new age technologies in Cyber Security
- Compliance and infrastructure requirements of manufacturing sector for cyber security
- Cost of Poor Security

Highlights of the Event:

- Interactive Panel Discussion Session
- 40+ Expert speakers
- Keynote Addresses
- Networking Opportunities
- 200+ delegates
