Start-Up Expo

4TH EDITION Digital Rajasthan Conclave

Digital with a latent potential to empower a five trillion dollar Indian Economy

28th August 2019: Hotel Clarks Amer, Jaipur

Digital India is a Programme to prepare India for a knowledge future, a programme to transform India into digital empowered society and knowledge economy. Digitalization has changed our lives like never before. The emerging trends & technologies are redefining the way we work and live.

The three pillars of modern governance – transparency, efficiency and ease of access for a better quality of life, should be the prime objectives of any e-Governance road map. However, this can only be ensured if all organs of the government undertake coordinated efforts to IT-enable all processes of governance and service delivery. Rajasthan under the initiative has proven to be a trendsetter in e-Governance initiatives, ensuring maximum ease to residents when it comes to connecting with the government, as well as getting benefits at their doorstep while aligning them with the principles of Digital India.

Against this backdrop and with the objective to deliberate on Digital, IT & ITeS ecosystem in Rajasthan, **Federation of Indian Chambers of Commerce and Industry (FICCI)** is organising the 4th edition of **Digital Rajasthan Conclave on 28th August 2019** at Hotel Clarks Amer, JLN Marg, **Jaipur**. This initiative would leverage the presence of robust IT industry, skilled manpower and enabling policies to drive investments, create employment, promote entrepreneurship and improve efficacy of service delivery.

THE AGENDA

One day Conference for Deliberations, Networking and Addressing Latest Trends of Digital, IT & ITeS ecosystem:

Emerging Technologies & Trends

- Innovations transforming eGovernance
- ICT Infrastructure
- Digital Transformation with 5G
- The Vernacularisation of India's Internet
- Transforming Organizations into Intelligent Enterprises
- Innovations in Artificial Intelligence across industries
- Cloud Next Wave of Growth in India
