

Protecting Productivity with Industrial Cybersecurity Services

SIEMENS
Ingenuity for life

**6th July 2020
(Monday)**

**at
3:30 PM- 5:30 PM**

The webinar will uncover:

- ❖ How to change strategy from IT/OT convergence into 1 network to a more robust 2 network strategy based on collaboration b/w IT&OT networks.
- ❖ How to Review the 2 networks (OT and IT networks) independently for all known vulnerabilities and possible defense lapses
- ❖ How to identify the needs of OT network and create innovative protection strategies to keep operational equipment safe and running
- ❖ Case Studies

Mr. Vivek Roy,
