Online Training Programme on Industrial Electrical Safety with Practical Case Studies

Electrical Safety remains a neglected area, most of the time, until a Production Loss or Safety Threat arises at Site/Plant/Industry. Electrical Engineers most of the time are not able to strike a balance between un-interrupted Power Availability for Production and Safe Operations. Thus, Electrical Safety Awareness is of Prime Importance to both Electrical Engineers and Safety Managers.

FICCI and SIEMENS SITRUST brings to you a Training Program based on best global practices adapted to Indian Conditions. The program includes an extensive practical component and uses "Learn the Theory, Master the Practice" skills.

Coverage:

The topics to be covered during the 3 Hour Training Programme are :

- Identify unforeseen hazards, risks and mitigate these with quick hands-on solutions
- Principal of Electrical Accident Prevention

Golden Rules of Electrical Safety-Siemens Video Based Interactions

- Disconnection from Supply (Isolation)
- Safeguard against reconnection (LOTO)
- Verify the safe isolation from supply (Absence of Voltage)
- Earth and Short Circuit
- Corden off Neighboring Live Parts
- Electrical Emergency Handling, Rescue, and Incident Reporting
- Learning from Past Incidents and Route Causes
- Case Studies & Importance of Safe Work Method Statement
- Importance of Single Line Diagram
- Earthing / Grounding System, RCCB, MCB, AFDD
- LV Switch Boards, HV Switch Boards, Motors & Switchyard Equipment's
- Importance of Protection in Electrical Systems

Who should attend:

- EHS/OHS/Occupational Safety Practitioners
- Plant In-Charge / Sustainability Officers
- Maintenance Managers
- Project Managers /Construction Managers
- Construction Site Supervisors
- Safety Marshals/ Site Engineers
- Energy Managers/ Electrical Engineers
- Production In-Charge /Manufacturing Staff
- Decision Makers – HR/Trg Officers

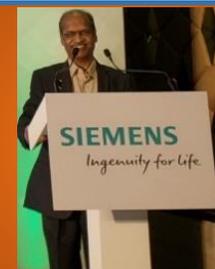

**Certified Safety Professional and
BGETEM Certified Trainer(s)**

Dr R K Elangovan is Director General, DGFASLI, Ministry of Labour and Employment, Govt of India. He is B.E (Mech), M.Tech (M/C Design), Ph.D (Industrial Safety)

**For Participation
Registration**
